Canadian Patent Application No. 555304

Dear John:

This is to follow up our telephone conversation of this past Tuesday. We prefer the claims to the pretreatment step and process, however claims 31-37 should be included in this division, rather than the division set out by the Examiner.

We may wish to pursue the remaining claims but would like to hold off on the divisional application as long as possible.

I am enclosing a copy of the issued U.S. for your files.

Sincerely,

Beverly A. Monroe
